

You as a child!

From,

- Doing fake sci experiments to innovating excellent technology (Shot of every technology of Globus)
- Acting as a teacher to becoming a teacher (Teaching in globus digital board shot)
- Watching favorite cartoons to being a perfect animator (Playing quizzes, or animated concepts in interactive display)
- Playing on school grounds to Playing & winning in the Olympics (video of some renowned players to run through YouTube in displays)

“We have grown”

Walking through the path of the powerful dreamer to an effective future shaper, let's embrace the unlimited possibilities towards success.

Keep your childhood dreams alive!
